Directors' Report

for the year ended 30 June 2022

Dear Shareholders

Assalamu Alaikum Wa-rahmatullahi.

It is an immense pleasure for me to welcome you all in the 26th Annual General Meeting of Fu-Wang Foods Ltd. (FWFL). I feel honored to be able to present before you the Annual Report of the company along with the Audited Financial Statements for the year ended 30 June 2022 and the Auditors' Report thereon.

This report has been prepared in compliance with section 184 of the Companies Act 1994 and Bangladesh Securities and Exchange Commission Notification No. BSEC/CMRRCD/2006-158/207/Admin/80 dated 03 June 2018. The annual report also reflects the overall performance of the company for the year ended 30 June 2022.

Principal Activities

The principal activities of the company continued to be manufacturing and marketing of bread, biscuits, noodles, snacks, mini-snacks, chocolates, energy drinks and other food items to customers through country sales network.

Business Review

The Company has continued its endeavor to overcome challenging situations throughout the year. Succeeding the pandemic period, this year has started with high hope. However, the company passed through few additional changes. Minori Bangladesh Ltd., Bangladesh chapter of Minori Co. Ltd., Japan, has acquired 7.61% shares in the paid-up capital of the company during second half of the year. The Board of Directors was reconstituted. Previous Board and operation management are no longer valid. Apart from the change, the war between Ukraine-Russia has also been commenced in the same period. The war affected Bangladesh as well as our business devastatingly and push to difficult situation. The prices of raw materials significantly increased during the period. As obvious effect, product cost increased abnormally and decline the Gross Margin by 71.15%.

After new management took over, the revenue of Fuwang Foods reached to record high to Taka 1,100.94 million which was higher by 31.13% over the previous year's revenue of Taka 839.58 million. However, despite of high revenue unfortunately the Operating loss reached to Taka 223.62 million. This is due to adjustment against Impairment of fixed assets (72%) on Factory overhead and on Administrative expenses (28%). The total adjustment value is Taka 243.66 million. The matter is also disclosed as qualified opinion by the statutory auditor.

The Management analysis also presented on page 4 states the company's affairs and highlight important events that occurred during the year.

Our subsidiary company's revenue increased to Tk. 40.53 million which is higher by 25.38% over the previous year's revenue of Tk 32.32 million. Net loss for the year stood Tk. 7.46 million against net loss Tk. 6.12 million of previous year.

Investment in Fuwang Beverage Industries Limited

During the year, Fuwang Beverage Industry Limited remains subsidiary of Fu-Wang Foods Limited. Separate reports including auditors' report, audited financial statements and directors' report thereon for the subsidiary company are provided at the concerned sections of this report. The financial statements of the subsidiary company have duly been consolidated with Fu-Wang Foods Limited. as per requirements of the Companies Act 1994, Securities and Exchange Rules 1987 and related notifications and in line with the International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS).

This year the company passed changed situation. In addition to that the net margin is not in a healthy position due to high cost price of raw material. The negative growth in net margin also reached to an undesirable level. Considering the true scenario of the financial position, the Board of Directors found this year is not suitable to declare any cash dividend. However, we assure you that the new management is

sincerely trying hard to overcome the situation and request all our honorable shareholders for their endurance. We optimistic you will find improvement soon.

Property, Plant and Equipment

During the year under review, the company took initiative to reevaluate company's fixed assets at various locations. A valuer firm, M/s. Shiraz Khan Basak & Co. Chartered Accountants, engaged specifically for the purpose. Based on their report necessary adjustments have already been given on the Financial Statements. Movement, adjustments in property, plant and equipment during the year also disclosed in the note section. Throughout the year, Company invested a sum of Tk. 13.41 million in property, plant and equipment. However, the Impairment value of the fixed assets amounting Taka 243.66 million was adjusted under Factory overhead and Administration Expenses.

Industry Outlook and Possible Future Development

In a highly competitive business environment in food industry, competitors continuously pursue market shares with various activities including price reduction, quality improvement,

new product line and other incentives. Fuwang Foods Limited has continued retaining its position by offering superior quality products at competitive prices.

Fuwang Foods Ltd. (FWFL) is one of the popular food manufacturing industries in the country. As a quality brand in Bangladesh 'Fuwang' is recognized by most of the middle to lower income group of people, towards whom most of the company's products are aimed. Food business is a distribution intensive business. FWFL currently has 6 (six) branch offices, 9 (nine) depots and 467 (four hundred and sixty seven) distributors/dealers over the country.

Despite of downtrend in current business condition, we want to be a market leader; we are planning for expansion of product line in the upcoming year along with introduction of new exclusive items. We believe you will continue your support on us and we are very much optimistic to return a good result shortly.

The Board of Directors is striving hard in line to increase profitability. As part of the diversification policy, the company has always been introducing new product as per demand of the market. We took initiative to bring positive effect on the company by next year.

Segment-wise or product-wise performance:

Description	Taka-2022 Net revenue	Taka-2021 Net revenue	Increase/Decrease over last year	
			Amount Tk.	%
1. VAT-able Items	450,163,900	360,742,817	89,421,083	24.79
2. Non-VAT-able Items	650,773,276	478,846,598	171,926,678	35.90
TOTAL	1,100,937,176	839,589,415	261,347,761	31.13

Notable that VAT-able items are Cake, Biscuits, Chocolate, Toasts and others while the non VAT-able Items are only Bread products. Details are also disclosed in separate annexure.

Risks and concerns:

As with all investments, investors should be aware that there are risks associated with an investment in the company. These risks could result in loss of income or capital investment. Investors are encouraged to seek independent financial advice in this regard.

Industry Risk

This year new opponents have entered, as a result market competition increase significantly

and may adversely affect the profitability of Fu-Wang Foods Limited.

Management Perception:

Food business is a Distribution Intensive Business. FWFL currently has 6 (six) branches offices 9 (nine) depots and 467 distributors/dealers over the country. It would be challenging for a new company to establish such a wide distribution network in a short period of time.

Therefore it is almost impossible and cumbersome for a new entrant to quickly establish itself in the market and grab market share from us.

Moreover, food business is a brand-dependent business. FW Food is inquired by the consumers due to its brand name. The company is continuously concentrating on a “pull” strategy instead of “push”. To this end, FWFL spends a large amount of fund for promotion and advertisement to further enhance and strengthen its brand name.

Interest Rate Risks

Interest rate risk is concerned with borrowed funds of short term and long term maturity. Considering money market and increase of demand for loans/investments, increase current liquidity position effected the rate of interest in recent times.

Management Perception:

The Management of the Company is always aware of the interest rate. If the interest rate increases the cost of fund will increase, affecting profitability adversely.

Exchange Rate Risk

Exchange rate fluctuation may reduce the profitability of Fu-Wang Foods Limited because of its foreign trade commitments from various sources of foreign exchange like imported raw materials and machineries. Due to the war in Ukraine Bangladesh is passing harsh time in exchange rate.

Management Perception:

FWFL is able to pass on the additional cost of raw material through necessary price increases. Its brand name also to increase its price without much difficulty. Competitors may also increase their price if the raw material prices increase.

Market and Technology related Risk

In the global market of 21st century, developed technology obsoletes the old service/product strategy. So the existing technology may not be efficient enough to cope up with the future trend and needs.

Management Perception:

FWFL continuously upgrades its machines and technology. Recently new machineries also introduced in the factory. Therefore, the risk of obsolete technology is mitigated as the company continuously upgrades its technology every 5-6 years.

Social unrest due to political reasons may cause downturn of the economic activities which will have adverse impact on demands of foods.

Energy Costs may raise

Due to the adverse power situation in the country and shortage of Gas supply the production may be hampered. The interruption of utility shortages or increased rate of energy cost may result in higher production cost and lower productivity.

Management Perception:

The Company is self-sufficient in generating power with its own generators. However, in case of gas shortfall and subsequent rationing if any, the productivity will be reduced. In that scenario, the overall sector will be effected.

History of non-operation, if any

Fuwang Foods Limited is a food manufacturing industry with yearly production capacity of 11,118 M. Ton in three shifts as against which it could operate at 72.03% capacity during the year under review, producing 8,008 M.Ton in the fiscal year compared to last year 6,893.00 M. Ton. The production capacity utilization has been increased by more than 16% from last year. New management has initiated constructive steps to improve the quality and quantity of the factory production.

Management Perception:

Fu-Wang Foods Limited was incorporated on 17 February, 1997. It has already completed more than 25 years of successful operation. It has no record of operation failure yet and chances of being non-operative in the future is very remote.

Discussion on Cost of Goods sold, Gross Profit Margin and Net Profit Margin

During the year the company's revenue increased by 31.13%, cost of goods sold also increased by 54.02%, as COGS is high due to

effect of impairment adjustment; the gross profit decreased by 71.15% and operating profit decreased to Taka 223.62 million due to prior years' adjustment. Followings are the variance within the Financial Year of Fuwang Foods

Management Perception

Particulars	30 June 2022 (Taka)	30 June 2021 (Taka)	Increase/(Decrease)	Increase/(Decrease)
			(Taka)	%
Revenue	1,100,937,177	839,589,415	261,347,762	31.13%
Cost of Goods Sold	1,056,647,868	686,061,495	370,586,373	54.02%
Gross Profit	44,289,308	153,527,920	-109,238,612	-71.15%
Net Profit/Loss after Tax	-243,287,316	11,382,118	-254,669,434	-2237.45%

Reasons for increase / Decrease of

- Revenue
- Cost of Goods sold
- Gross Profit

Increase of Revenue

During the year revenue increased Taka 261,347,762. The reason for increased turnover is changes in sales policy, introduction of 'Direct Sales channel', the quality of products has also been improved. Moreover, supervision and monitoring started vigorously. Human resources of the company have been motivated significantly which also help to boost the sale. Therefore, consumers' confidence increased and they didn't reduced buying products which help the company increasing turnover.

Increased percentage of Cost of Goods Sold

During the year, Cost of Goods Sold is 95.98% of revenue as against 81.71% of the preceding year due to following reasons

- Increased the cost of Raw Materials significantly and
- Impairment of fixed assets and adjustment of prior year's qualifying points
- Supply of raw materials was not smooth in the market due to Russian and Ukraine war

Gross Profit deteriorated

During the financial year gross profit of Fuwang Foods Ltd. reduced by Taka 109,238,612 which affected the bottom line of the company severely.

Extra-Ordinary Events

The management of the company has been changed as Minori Bangladesh Ltd., a sister concern on Minori Co. Ltd., Japan acquired Fuwang Foods Limited by holding 7.61% shares of the company.

Events of extra ordinary gain or loss which require adjustments or disclosure in the financial statements occurred during the reporting period are already stated in the related notes to the accounts.

Related Party Transactions

Disclosure of all related party transactions, including basis for such transaction, has been provided in the note 29 of the notes to the financial statements.

Utilization of proceeds from Public Issues, Rights Issues and/or any other:

The company did not raised any fund from Public Issues, rights issues and/or any other instruments during the year 2021-2022

Significant variance over the last year's Operating Result

The significant deviations from last year in the operating results of the Company have been highlighted in the notes to the financial statements and reasons thereof have been explained.

Remuneration to Directors

This information is incorporated in Note 21 of the notes to the financial statements with reference to the "Directors Remuneration".

Explanation on significant variance between quarterly financial statements and annual financial statements

Total revenue of the Company is Taka 1,100.90 million in 2022 which is consistent with disclosed quarterly Financial Statements. However, it is reported very low gross profit margin in 2022 compare to quarterly performance. The gross margin declined to only 4.0% in the year 2022 that has been dropped from average 16% gross margin reported in the quarterly financial statements.

This significant variance is due to impairment of the fixed assets under Factory Overhead amounting Taka 175.4 million. Moreover, the administrative expenses also increased to Taka 153.1 million in 2022, this is due to impact of Taka 66.2 million impairment on fixed assets. Fixed Assets revaluation has adverse impact on profit. Subsequently the company incurred net loss of Taka 243.3 million.

Fairness of Financial Statements

The financial statements together with the notes thereon have been drawn up in conformity with the Companies Act 1994 and Securities and Exchange Rules 1987. Subject to the observations by the Statutory Auditor in the Auditor's Report, these statements fairly present the company's state of affairs, the results of its operations, cash flow and changes in equity.

Five Years Financial Highlights

The key operating and financial data of Fuwang Foods Ltd for last five years have been given separately.

Management Discussion and Analysis

Management Discussion and Analysis of the company's position and operations along with a brief discussion of changes in the financial statements as per condition no 5 (XXV) of Corporate Governance Code dated June 03, 2018.

Distinguished Shareholders,

Assalamu Alaikum,

By the grace of Almighty Allah, Fuwang Foods Limited passed another exciting year. I, on behalf of the Board of Directors feel happy for having this opportunity to welcome you to the 26th Annual General Meeting and to write few words about the company's performance during the

Annual Report 2021-22. You might be aware that Bangladesh Securities and Exchange Commission (BSEC) for the greater interest of the investors and capital market has approved, with reference no. SEC/SRMIC/2000-922/28 dated 20 January 2022, that Minori Bangladesh Ltd., Bangladesh wing of Minori Co. Ltd. Japan, to acquired Fuwang Foods Ltd. In February 2022, Minori Bangladesh stepped in with high hope. However, it had to go through many challenging situations; not only in terms of financial anomalies but operational barriers too. We are optimistic new changes will bring positive impacts on Fuwang Foods! A brief discussion on company's position and operations shown below:

(a) Comparative analysis of financial performance or results and financial position as well as cash flows for current financial year

with immediate preceding five years explaining reasons are as follows:

Particulars	2021-2022	2020-2021	2019-2020	2018-2019	2017-2018	2016-2017
Turnover (Net)	110.09	83.96	79.12	86.76	59.53	58.68
Gross Profit/ Loss	4.43	15.35	18.18	23.08	16.62	16.74
Net Profit/Loss before Tax	-22.36	1.91	8.08	13.00	8.18	8.24
Net Profit/ Loss after Tax	-24.33	1.14	6.06	8.65	6.14	6.18
Shareholders' Equity	38.36	128.58	129.65	125.76	117.06	110.16
Total Assets	119.51	195.49	188.38	182.85	168.17	158.19
Total Current Assets	70.51	124.58	120.44	116.80	106.68	96.78
Total Current Liabilities	72.66	57.56	49.91	47.33	41.55	38.41
Current Ratio	0.97	2.16	2.41	2.47	2.57	2.52

During the year under review the turnover increased in current year and reached to record high amount of Taka 110.09 crore which is 31% increased from preceding year's turnover of Taka 83.96 crore. Despite of high jump on Turnover the company also recorded loss of Tk. 24.33 crore whereas the profit was Tk.1.14 crore in the last year. It is disappointing that the loss incurred due to adjustment of prior years' adjustments on

Impairment of fixed assets and other assets. The operating loss reached to 22.36 crore. Another reason is the increase of Cost of Goods Sold due to increase of price of main raw materials.

(b) The company has prepared and presented its financial statement as per applicable IAS/IFRS. The following IAS/IFRSs are applicable for the financial statements for the period under review:

Compliance of International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS)

	IAS/IFRS
Presentation of financial statements (IAS)	1
Inventories (IAS)	2
Statement of cash flows (IAS)	7
Accounting policies, changes in accounting estimates and errors (IAS)	8

- (c) There is no changes in accounting policies and estimation during the preparation of financial statements for the year ended June 30, 2022
- (d) Bangladesh Economy reeling under Russia-Ukraine war impact. We already know that the world, after getting wrecked by the pandemic, supply chain reversal and price hike, is now faced with the worst human and economic catastrophe due to Russia-Ukraine war. As we have trade relations with both countries and key ingredients, raw materials of our products also imported, therefore, the gross margin for the year also effected badly.
- (e) Risks and concerns have both internal and external issues of any company. Investors should aware that there are risks associated with the company. This year new competitors have entered, as a result market competition increase significantly. However, the Food business is a Distribution Intensive Business. Fu-Wang Foods Limited has distribution network throughout the country. It is very cumbersome for a new competitor to quickly establish itself in the market and grab market share from us. Another risk company facing is uninterrupted supply of gas. Low pressured gas sometimes enforces the factory to run slow. We are scrutinizing unconventional method to mitigate the issue. However, within very short span of time we tried to do our best and continued to run the factory operation smoothly. During this difficult and challenging time period factory production as well as turnover has increased significantly.
- (f) Factory production depends largely on the utilities, especially on Gas supply. As you know current condition of the gas supply is under pressure. Therefore, Company is trying

to consider alternative solution of the crisis for smooth operation of the production process.

As you know, we have focused more on eradication of financial and other irregularities inside the company, two Chartered Accountant firms were engaged for conducting special audit on prior year's qualified opinion and assets revaluation. Considering the realistic situation of the company; Board of Directors are not in a position to declare any dividend for this year.

Fu-Wang Foods is one of the significant brands in the country and we are striving hard to increase our annual turnover and profitability. As part of our proactive product diversification policy, we have always been introducing new products to cater to the changing demands of the market.

I would like to mention the continuous support, guidance and access that our national regulatory and financial institutions have extended to us. The encouraging cooperation from Bangladesh Securities and Exchange Commission (BSEC), Dhaka Stock Exchange and Chittagong Stock Exchange, all of our banks acted as the crucial element behind the smooth and effective execution of our business operations. At the end thanks to our valuable customers and shareholders without whose relentless trust and loyalty in our brand, Fu-Wang Foods Ltd. would not have been here today.

With best regards,

Miya Mamun
Managing Director

Independent Auditor's Report to the Shareholders Of Fu-Wang Foods Limited and its Subsidiaries

Report on the Audit of the Consolidated and Separate Financial Statements

Qualified Opinion

We have audited the consolidated financial statements of Fu-Wang Foods Limited and its subsidiary Fu-Wang Beverage Industries Limited (the Group) as well as the separate financial statements of Fu-Wang Foods Limited (the 'Company') which comprise the consolidated and separate statements of financial position as at 30 June 2022, and the consolidated and separate statements of profit or loss and other comprehensive income, consolidated and separate statements of changes in equity and consolidated and separate statements of cash flows for the year then ended and notes to the consolidated and separate financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matters described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the Group and the separate financial position of the Company as at 30 June 2022, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Qualified Opinion

- i. **Refer to Note-6(a)**, Trade and Other Receivables of BDT. 88,634,646, a prior year adjustment was made of BDT. 487,359,722 by the management, following a special audit conducted at their company as per the instruction of BSEC via letter with reference no. SEC/SRMIC/2000-922/431, dated December 14, 2021. On verification of the basis of such adjustment, we found that the adjustment was considered from the mismatches between the trade receivables reported in the financial statements and the figure reported from the sales software without making any communication with the concerned customers. Hence, there is risk of declining the receivable amount by the concerned customers in future and no proper basis for the adjustment was made available to us. Also, for trade receivables of BDT. 22,037,424, we sent balance confirmation, against which we received responses for BDT. 2,102,787 (9.54% of balance confirmation sent). Hence, the above-mentioned balance remains unverified and unconfirmed to the extent the responses were not forthcoming.
- ii. **Refer to Note-15**, Trade and Other Payables of BDT. 108,836,166, a prior year adjustment was made of BDT. 97,206,749 by the management, following a special audit conducted at their company as per the instruction of BSEC via letter with reference no. SEC/SRMIC/2000-922/431, dated December 14, 2021. On verification of the basis of such adjustment, we found that the adjustment was considered from the mismatches between the trade payables reported in the financial statements and the figure as per the purchase ledger without making any communication with the concerned suppliers. Hence, there is risk of getting claims by the concerned suppliers in future and no proper basis for the adjustment was made available to us. Also, for trade payables of BDT. 100,788,489, we sent balance confirmation, against which we received responses for BDT. 50,174,338 (54% of balance confirmation sent). Hence, the above-mentioned balance remains unverified and unconfirmed to the extent the responses were not forthcoming.
- iii. **Refer to Note- 16**, Payable for WPPF and Welfare Fund of BDT. 19,719,400, as per section-234 of Bangladesh Labor Act, 2006, a company is to pay 5% of net profit of the year within 9 months of following the close of year at the proportion of 80:10:10 to the Participatory Fund, Welfare Fund and Workers Welfare Foundation Fund respectively. The

company has not made any payments against Workers' Profit Participation Fund (WPPF) during the year. Management also stated that since the inception of WPPF, no payment was made to the Workers Welfare Foundation Fund.

- iv. **Refer to Note-10**, 'Current Liabilities and Provision', for the subsidiary, BDT 40,100,000 was reported as 'Deposit against share by holding company' in the financial year 2020-21, which was transferred as a liability with the holding company in Note-10 'Current Liabilities and Provision' during the year. As per gazette #১৪৬/এফআরসি/প্রশাঃ/প্রজ্ঞাপন/২০২০/০১ dated 02 March 2020, any money received as Share Money Deposit (SMD) or whatever name, included in the Equity, is not refundable. The money received under SMD should be converted into Share Capital within 6 months of receipt of the money. However, it is reported by management that as no receipt of money from the holding company against the said shares was evident, it is adjusted as an intercompany transaction.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and Bangladesh Securities and Exchange Commission (BSEC), and we have fulfilled our responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matter

Without qualifying our opinion, we draw attention to the following matters:

- i. **Refer to Note-12**, Deferred Tax, deferred tax expense charged during the year with deferred tax liability stands at BDT. 13,064,936 and BDT. 722,933,070 respectively. As per IAS-12 Income Taxes, any adjustments to deferred tax liability as a result of temporary difference arising during the year is to be charged in the statement of profit or loss and other comprehensive income. However, management made adjustment of BDT. 26,913,112 as prior year adjustment instead of charging the same to the statement of profit or loss and other comprehensive income of the current year. Hence, a non-compliance of the above IAS results in with an overstatement of EPS for the same amount. As for the subsidiary, no deferred tax was reported in the financial statements.
- ii. **Refer to Note-9.03**, 'Composition of Shareholders' of the financial statements, which describes, as per Gazette notification no: BSEC/CMRRCD/2009-193/217/Admin/90 dated 21 May 2019, all sponsors and directors other than independent directors of a company listed with any stock exchange shall all time jointly hold minimum 30% (thirty percent) shares of the paid-up capital of the company. Whereas as at 30 June 2022, sponsor shareholders at the company holds only 7.85% of the total paid-up capital.
- iii. **Refer to Note-7.01**, for inter-company transaction with the subsidiary of BDT. 24,217,521, no prior resolution or arrangements are evident between the parent and the subsidiary. Also, it is evident that business operational transactions are paid by both the companies from time to time.
- iv. **IFRS-16** Leases was not applied while accounting for rental payments for its premises; hence a non-compliance of the concerned IFRS results in.
- v. **Refer to Note-13**, Short Term Bank Loans and Others, includes a temporary loan from the Ex-Managing Director of BDT. 16,580,000 at the year-end, for which no resolutions of the Board of Directors was evident.

- vi. **Refer to Note-17.01 & 17.02**, provision for gratuity expense and provident fund expense of BDT. 44,720,453, and BDT. 48,745,875 respectively, for both the holding company and the subsidiary company, the above provisions during the year are charged to the holding company. It is reported by management that since most of the employees are appointed in the holding company, the whole amount is charged in the holding company. Consequently, the resulting deferred tax expense and liability has hit the holding company only.
- vii. **As per section-99** of Bangladesh Labor Act 2006 (as amended in 2015), for an establishment with 100 permanent workers, the employer is to arrange group insurance for its employees. The company has not introduced any group insurance for its employees; a non-compliance of the Bangladesh Labor Act.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below our description of how our audit addressed the matters provided in that context.

See note no 13.00 and 14.00 to The Financial Statements	
Short-term bank loans and Long-term loan	
At reporting date, the position of loans remained (both short term and long term) amounting to BDT. 161,430,806 for both the Company and the Group. In other words, 19% of total liabilities for both the Company and the Group are represented by loans. Evidently, the Company is using loans to operate the business. Therefore, it has been considered as key audit area.	<p>We obtained an understanding, evaluated the design and tested the operational effectiveness of the Company's key controls over the loans. Our audit procedures included: among others, the followings:</p> <ul style="list-style-type: none"> • Understanding and reviewing the nature and types of loans; • Reviewing the board minutes for arrangements of the loans; • Obtaining the repayment schedules, loan statements and facility offer letters to review terms, debt covenants, interest rates and other conditions associated with the loans; • Reviewing the mortgages, major covenants, guarantees and interest rates etc. attached to the loans; • Recalculating the interest related to loans; • Checking the adjustments or repayments of loans through bank statements as per repayment schedule; • Checking whether there is any overdue payments and penal interests; and • Finally, assessing the appropriateness and presentation of disclosures against relevant accounting standards.

See Note No 4.00 to the Financial Statements
Investments in subsidiaries of the Company and its impairment

The Company has investments amounting to BDT. 9,900,000 on 30 June 2022 held at cost less impairment that represents 1% of the Company's total assets.

At the time of conducting our audit of the separate financial statements of the Company we have considered the recoverable value of the Company's investments in Fu Wang Beverage Industries Limited at cost. Management has conducted impairment assessment and calculated recoverable value of it subsidiary in accordance with IAS-36.

In particular, our discussions with the Management were focused on the continued appropriateness of the value in use model, the key assumptions used in the model, the reasonably possible alternative assumptions, particularly where they had the most impact on the value in use calculation.

We also checked mathematical accuracy of the model, recalculated discount rate used within the model, inputs used in the determination of assumptions within the model were challenged and corroborating information was obtained with reference to external market information, third-party sources.

Other Information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report but does not include the financial statements and our auditors' report thereon.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with IFRSs, the Companies Act, 1994, the Securities and Exchange Rules, 1987 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Company or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the Group's and the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will

always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated and separate financial statements. We are responsible for the direction, supervision and performance of the Group and the Company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because

the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994 and the Securities and Exchange Rules, 1987 and relevant notifications issued by Bangladesh Securities and Exchange Commission, we also report that except for the effects of the matters described in the Basis for Qualified Opinion section of our report:

- a) We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- b) In our opinion, proper books of account as required by law have been kept by the Group and the Company so far as it appeared from our examination of those books;
- c) The consolidated and the separate statement of financial position and statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account; and
- d) The expenditure incurred was for the purpose of the Group's and Company's business

- v) Accounting policies and Explanatory notes for the year ended 30 June 2022.

2.5 Accounting Estimates:

Preparation of the financial statements requires Management to make judgments, estimates and assumptions that affect the reported amount of assets and liabilities, income and expenses. The estimates and underlying assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual result could differ from estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions of the accounting estimates are recognized in the period in which the estimates are revised. Significant areas requiring the use of Management estimates in these financial statements relate to the useful life of depreciable assets and valuation of inventories. However, assumptions and judgments made by Management in the application of accounting policies that have significant effect on the financial statements are not expected the result in material adjustment to the carrying amounts of assets and liabilities in the next year.

2.6 Risk and Uncertainty for Use of Estimates:

The preparation of financial statements in conformity with Bangladesh Accounting Standards requires Management to make estimates and assumptions that affect the reported amounts of revenues and expenses, assets and liabilities, and disclosure requirements for contingent assets and liabilities furring and the date of the financial statements. These financial statements contained information about the assumptions it made about the future and other major sources of estimation uncertainty at the end of the reporting period that have a significant risk of resulting in a material adjustment to the carrying amount of assets, liabilities, income and expenses within the next financial year. In accordance with the guidelines as prescribed by IAS 37: Provisions, Contingent Liabilities and Contingent Assets, provisions are recognized in the following situations:

- i) When the company has an obligation as a result of past events;
- ii) When it is provable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- iii) Reliable estimate can be made of the amount of the obligation.

2.7 Consistency:

In accordance with the IFRS framework for the presentation of financial statements together with IAS 1 and IAS 8, the Company applies the accounting disclosure principles consistently from one period to the next. Where selecting and applying new accounting policies, changes in accounting policies applied, correction of errors, amounts involved are accounted for and disclosed retrospectively in accordance with the requirement of IAS 8.

2.8 Reorganization of Property, Plant & Equipment and Depreciation:

Property, Plant and Equipment are stated at their cost (Fair value for Building & other construction) less accumulated depreciation in accordance with IAS 16 “Property, Plant and Equipment”. Cost represents cost of acquisition or construction and capitalization of pre-production expenditure including interest during construction periods. No depreciation is charged on land and land development. Depreciation has been charged on additions from the date of available for use. Depreciation on all other fixed assets is computed using the diminishing balance method in amounts sufficient to write off depreciable assets over their estimated useful economic lives. Expenditure of maintenance and repairs are expensed; major replacement, renewals and betterments are capitalized.

The annual depreciation rates to the principal categories are:

Categories of Property, Plant & Equipments	Rate of Depreciation

33.00 Financial Risk Management (IFRS 7)

33.01 Introduction

"The Company's activities expose it to a variety of financial risks: credit risk, market risk (including interest rate risk and foreign currency risk), and liquidity risk. The Company's risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance. The Company uses derivative financial instruments to economically hedge certain risk exposures.

Financial risk management is carried out by accounts and finance department under policies approved by the Board of Directors. Company finance identifies, evaluates, and hedges financial risks in close co-operation with the Company's operating units. The 'Finance Policy' provides principles for specific areas, such as credit risk, interest rate risk, foreign currency risk, use of derivative financial instruments, and investment of excess liquidity.

This note presents information about the Company's exposure to each of the risks arising from financial instruments and the Company's objectives, policies, and processes for measuring and managing risk. Further quantitative disclosures are included throughout these consolidated financial statements."

33.02 Carrying amounts of financial instruments by category

The following table shows the carrying amounts of financial instruments by category at the end of June 30, 2022:

33.03 Credit risks:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to financial instruments fails to meet its contractual obligations, and arises principally from cash and cash equivalents, time deposits, and trade accounts receivable.

The credit risk with Accounts Receivable (see note 06) is limited, as the Company has numerous dealer located in various geographical regions. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each dealer. Credit limits are established for each dealer, whereby the credit limit represents the maximum open amount without requiring payments in advance these limits are reviewed regularly (credit check). The maximum exposure to credit risk is represented by the carrying amount of each financial asset, including derivative financial instruments, in the Statement of Financial Position. There are no commitments that could increase this exposure to more than the carrying amounts.

33.04 Market risks

Market risk is the risk that changes in market prices, such as interest rates, foreign exchange rates, and other prices will affect the Company's result or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing the return on risk.

33.05 Interest rate risk

At the reporting date, the Company had the following interest-bearing financial instruments: cash and cash equivalents, and bank liabilities. All cash and cash equivalents mature or reprise in the short-term, no longer than three months.

Borrowings mainly bear interest at fixed rates. Cash and cash equivalents and borrowings issued at variable rates expose the Company to cash flow interest rate risk.

The Company does not account for any fixed-rate borrowings at fair value through profit or loss. Therefore a change in interest rates at the reporting date would not affect profit or loss.

The Company Finance manages the interest rate risk to reduce the volatility of the financial result as a consequence of interest rate movements. For the decision whether new borrowings shall be arranged at a variable or fixed interest rate, the Company Finance focuses on an internal long-term benchmark interest rate and considers the amount of cash and cash equivalents held at a variable interest rate. Currently, the interest rate exposure is not hedged.

33.06 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. Company Finance manages the Company's liquidity to ensure sufficient liquidity to meet all liabilities when due, under both normal and stressed conditions, without facing unacceptable losses or risking damage to the Company's reputation.

Excess liquidity can be invested in instruments such as time deposits, government, and corporate bonds, shares of publicly listed companies, and capital protected instruments.

The following are the contractual maturities of financial liabilities, including interest payments:

Particulars	Carrying amount	Between 1 and 90 days	Between 91 and 360 days	Between 1 and 2 years	Over 2 years

35.00 Capital Expenditure Commitment

There was no capital expenditure commitment as on June 30, 2022

36.00 There was no bank guarantee issued by the company on behalf of their directors or the company itself except bank loan.

37.00 Disclosure as per requirement of schedule XI, Part II of the Companies Act, 1994 and DSE's requirement under Annexure 10 of Schedule A-Para 18 of The Dhaka Stock Exchange (Listing) Regulation, 2015.

Compliances are shown in **Annexure-D** herewith this report.

38.00 Contingent Liability:

There was a demand of Tk. 10,473,921 by the Custom & VAT Authority for payment of VAT in excess of the amount paid by the company during the financial year 1998-1999 and 1999-2000. The demand was made by the Deputy Commissioner, Customs Excise & VAT, Gazipur Division through his Memo No.-4/mushak/74/food/97/1400 dated 25/04/2001. The company preferred appeal on 08/12/2001 against demand.

The Appellate Authority reduced the demand to Tk. 7,838,832. The company, on 19-04-2003 filed second appeal before the Learned Appellate Tribunal. The Learned Appellate Tribunal confirmed the demand through order dated 23/12/2004. The company then eagerly filed a Writ Petition 2058 of 2005 before the High Court Division of Hon'ble Supreme Court of Bangladesh. The Hon'ble High Court through its order dated 03/04/2005 stayed the operation of the Tribunal Order till disposal of the writ. This liability of Tk. 7,838,832 is thus contingent upon disposal of the Writ petition and further appeals, if any at all arises. Therefore, Tk. 7,838,832 is the contingent liability pertaining to the period up to June 30, 2022.

39.00 Event after the Balance Sheet Date:

39.01 The Board of Directors in its meeting held on November 13, 2022 has approved the Financial Statements for the year ended 30 June 2022 and recommended no dividend for the all shareholders which is subject to approval by the shareholders at the forthcoming Annual General Meeting (AGM) and authorize the financial statements for issue.

BSEC has appointed two independent Directors on 14 February 2022 as per the letter Ref # SEC/SRMIC/2020-922/part-2/61.

39.02 Except the fact stated above, no circumstances have arisen since the balance sheet date, which would require adjustment to or disclosure in the financial statements or notes thereto.

Independent Auditor's Report to the Shareholders of Fu-Wang Beverage Industry Limited

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the financial statements of Fu-Wang Beverage Industry Limited, which comprise the statement of financial position as at 30 June 2022, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matters described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Qualified Opinion

- (i) **Refer to Note-5**, Accounts Receivable of BDT. 11,462,488, a prior year adjustment was made of BDT. 123,985,784 by the management, following a special audit conducted at their company as per the instruction of BSEC via letter with reference no. SEC/SRMIC/2000-922/431, dated December 14, 2021. On verification of the basis of such adjustment, we found that the adjustment was considered from the mismatches between the trade receivables reported in the financial statements and the figure reported from the sales software without making any communication with the concerned customers. Hence, there is risk of declining the receivable amount by the concerned customers in future and no proper basis for the adjustment was made available to us. Also, for accounts receivable of BDT. 6,752,438, we sent balance confirmation, against which we did not receive any response. Hence, the above-mentioned balance remains unverified and unconfirmed to the extent the responses were not forthcoming.
- (ii) No deferred tax was reported in the financial statements, a non-compliance of IAS-12 Income Taxes.
- (iii) No Fixed Asset register was maintained containing details such as item-wise cost price, book value, tag no., person in charge, condition etc. Also, as the assets were not tagged, we were unable to carry out a physical inspection of the same. The net book value of property, plant and equipment as at 30 June 2022 is BDT. 111,593,762.
- (iv) **Refer to Note-10, 'Current Liabilities and Provision'**,
 - For the subsidiary, BDT 40,100,000 was reported as 'Deposit against share by holding company' in the financial year 2020-21, which was transferred as a liability with the holding company in Note-10 'Current Liabilities and Provision' during the year. As per gazette #১৪৬/এফআরসি/প্রশাঃ/প্রজ্ঞাপন/২০২০/০১ dated 02 March 2020, any money received as Share Money Deposit (SMD) or whatever name, included in the Equity, is not refundable. The money received under SMD should be converted into Share Capital within 6 months of receipt of the money. However, it is reported by management that as no receipt of money from the holding company against the said shares was evident, it is adjusted as an intercompany transaction.
 - for inter-company transaction with the subsidiary of BDT. 24,217,521, no prior resolution or arrangements are evident between the parent and the subsidiary. Also, it is evident that business operational transactions are paid by both the companies from time to time.

- (v) As per section-99 of Bangladesh Labor Act 2006 (as amended in 2015), for an establishment with 100 permanent workers, the employer is to arrange group insurance for its employees. The company has not introduced any group insurance for its employees; a non-compliance of the Bangladesh Labor Act.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and we have fulfilled our responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, the Companies Act, 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with the mall relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994, we also report that except for the effects of the matters described in the Basis for Qualified Opinion section of our report:

- a) We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books; and
- c) The statement of financial position and statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account.
